

# Paradise Found Fiber Farm

2011

*Our family's trip to Whidbey Island began at Paradise Found Fiber Farm after my husband called Mary to see if a spur of the moment visit would be possible. She graciously agreed and we were able to learn about various fibers and her animals. Afterward, with Mary's help, I enjoyed picking out just the right fiber for a knitting project. This shrug will help me remember not only our visit but a also particular llama - thanks for sharing, Val! And thanks to Mary, too, for all her help!*

*Bethany M. from South Carolina*
